

# Welcome to the Klostergut Paradies

## Seminar - Documentation

The Klostergut Paradies has 11 different seminar rooms for meetings for up to 120 people. We recommend our auditorium for a state-of-the-art conference setup. The room is equipped with a "curved" LED wall and has extensive room automation. Technically, almost anything is possible in this room!

For your physical well-being, you can choose from various offers. If you need technical support, the team from Licht & Ton is available before and during the event. We would be happy to book this additional service for you.
